Mt. Vernon Banner.

Land Job Swindles.

Five Times as much Land as there is in Ohio, Granted to Railroad Corporations.

What has been Stolen While the People have been Fighting Over the Negro.

Important Speech by Senator Thurman.

In the United States Senate, on Monday last, the 11th inst., Senator THURMAN made an able argument against one of the most extensive land grant swindles before Congress, involved in the bills granting lands to aid in the construction of a Northern Pacific Railroad. The Senator moved amendments to the bill, on which he based his speech, providing that the grant of lands should be made upon the following conditions:

1st. That the lands granted shall be sold to actual settlers by the railroad company, in lots of not more than one hundred and sixty acres.

2d. That the price shall not exceed \$1.25 per acre, with interest at six per cent, on deferred payments.

3d. That actual settlers shall be entitled to purchase the lands in lots of 40, 80, or 160 acres.

4th. That all lands not sold by the company within fifteen years shall revert to the United States.

5th. That all mortgages made or executed by the company shall be subject to these conditions in favor of actual settlers.

6th. The company shall file with the Interior Department, within ninety days, its written assent to the conditions, else the grant provided for by the bill shall be void.

The reader will see at a glance, that these conditions are in the interest of the actual settler, and framed to place more restrictions at least, upon the power of a grant monopoly. We have not room for the full report of Senator THURMAN's speech, but invite the careful attention of our readers to the material points annexed.

THE EXTENT OF THE GOVERNMENT LANDS.

Mr. Thurman, Now, Mr. President, let us look at what this company is, and what has already been done for it. It was chartered on the 2d of July, 1864, nearly six years ago. By its charter there was granted to it throughout the greater part of its route, throughout the territories of the United States, every alternate section in a breadth of eighty miles, being forty alternate sections to the mile, making twenty-five thousand six hundred acres to the mile; and these twenty-five thousand six hundred acres, all the material for the construction of the road, and the length of its branches, in addition to this right of way there is given to it absolutely all the land it may need for its operations, depots, water-stations, or for the other structures necessary to the road, although they may be outside of the right of way of four hundred feet.

Mr. Stewart, I suppose the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Mr. Thurman, I do.

What number of acres to the mile did the Senator estimate?

Twenty-five thousand six hundred acres.

If my friend will multiply six hundred and forty by five he will find that it is so, according to Dilworth.

Mr. Stewart, I understand the Senator would like to see the figures.

Michael McKel	2.50
O. J. Beck	2.50
W. P. Roberts	2.50
A. G. Rathel, Lexington, Miss.	2.50
John N. Johnson, Hudson, Ill.	2.50
Edward G. Riley	2.50
Nathan Williams	2.50
Samuel Bishop	2.50

Court of Common Pleas.

The May term of the Court of Common Pleas for Knox county, commenced its session on Tuesday, May 10th, 1870, with the Hon. JEROME BUCKINGHAM, of Newark, on the Bench. The Grand Jury returned ten Bills of Indictment for the following offenses: two for shooting with intent to wound and maim; one for assault and battery; two for petty larceny; three for keeping a common nuisance and two for selling intoxicating liquor.

The following business has been disposed of up to the present writing:

Mary Lybarger vs. John and Catherine Lybarger, in partition, decree for complaint and notice of appeal.

Wm. Worley vs. Benjamin Durbin's administrator, settled, each party to pay their own costs.

Wm. McCalland, guardian of Jane Wallace vs. Charles Wallace et al.; of Jane Wallace vs. Charles Wallace et al.; of partition ordered to be made.

Stephen H. Sherwood vs. Benben Sherwood, et al.; partition ordered to be made.

C. W. Critchfield vs. Elias Payne and Thomas Workman, judgment against defendants for \$170.80 and sale of attached property.

Job Loeve vs. Geo. Wilson, judgment against deft. for 10 cents and costs.

The Knox County National Bank vs. W. H. McLean et al., judgment on cognovit note against deft. for \$1,503 and costs.

J. A. Hove vs. Jacob Bell et al., plaintiff nonsuited and motion to set aside nonsuit.

Alexander Turner vs. Jacob Bell et al., Jury trial, verdict for deft's.

Darius M. Bares vs. James Severe and wife—Decree for deft's and notice of appeal by plaintiff.

Robert Childs vs. Andrew Smith et al., judgment for plaintiff for \$263 and costs, and second trial demanded by defts., which is granted.

John Parrott vs. Ellen Parrott, decree of divorce at plaintiff's costs.

Jonathan McArtor vs. Thomas McArtor, judgment by default against deft. for \$227.17 and sale of premises ordered.

L. D. Rankin's admr. vs. W. L. Merrin, et al., sale confirmed and distribution ordered.

Warren Giffin vs. Allen Clark, et al., judgment for plaintiff for \$52.50.

In the case of the State of Ohio vs. Josiah Fishburn. The jury found the defendant not guilty.

Three fines of \$50 each and one of \$75 were assessed on two liquor and one assault and battery case. *Nolle prosequi* were entered in nine cases.

CITY APPOINTMENTS.—His Honor, Mayor Davis, in pursuance of the law, nominated the following persons to fill the offices to which their names are attached, which appointments were duly ratified by the City Council, at their meeting on Monday evening:

Chief Engineer Fire Department—Wm. A. Bonds.

1st Assistant Engineer—E. J. Zimmerman.

2d Assistant Engineer—Dennis Smith.

3d " " George Bunn.

Fire Wardens—O. W. Hubbell, John Hildreth, James A. Lane.

Members of Board of Health—Dr. C. M. Kelsey, W. B. Russell.

Board of Equalization—1st Ward, W. M. Young; 2d Ward, Walter L. Simons; 3d Ward, Henry Hanson; 4th Ward, W. L. Smith; 5th Ward, Wm. B. Brown, O. Sperry.

THE CELEBRATION AT NEWARK.—Our "colored fellow-citizens" had a gay old time at Newark on Thursday last, celebrating the adoption of the "Fifteenth Amendment" or "Civil Rights Amendment," as some of them called it. A large crowd of colored folks were present, embracing delegations or companies from Columbus, Zanesville, Mt. Vernon, Delaware, &c.

The features of the occasion, as we learn from the *Advertiser*, were a salute of 29 guns at sunrise; thanksgiving exercises in their church at 10 o'clock; a grand procession, civic and military; a picnic and speeches at the Fair Grounds; closing with addresses at the City Hall in the evening.

The procession was marshaled by General Jack Shackelford, who looked and rode like a prince. He was assisted by John Soules, and several young men of the city, who went through their parts quite handsomely.

The Mt. Vernon company, fully armed and equipped as the law directs, "and some dressed in Zouave costume, were marshaled by Captain George Wilson, who performed his part of the program admirably. We learn from various sources that the Mt. Vernon boys were the best drilled company on the ground.

LOCAL BREVITIES.

The circus have started out on their Summer campaign.

There were four hundred cases of measles in Mt. Vernon during the past few weeks.

General Morgan, in obedience to a telegram, left for Washington on Saturday last.

The work of repairing the BANNER office, is progressing rapidly; and we hope soon to be in our old quarters again.

We understand that there are a number of Democrats in Licking county who will not be candidates for Sheriff this year.

Our farmers are very busy with their Spring work at present. From all we hear large crops of corn will be planted this season.

Gambier street (or Wood as it is sometimes called) West of Main is to be graded and paved. Mr. Kidwell has the contract for doing the work.

Maj. John Denny showed the light of his countenance in Mt. Vernon this week—looking as though New York life agreed with him.

C. S. Pyle, Esq., has been chosen Clerk of the City Council, to fill the vacancy occasioned by the resignation of O. F. Murphy.

The City Council, as will be seen by an advertisement in this week's paper invite proposals for the construction of a Public Cistern on Front street, 50 feet long.

The fourth story to the Bergh House is going up finely. Mr. Rathel, one of the best mechanics in the city, has charge of the work.

Don't beat your carpets. Try kindness and firmness, and if that doesn't keep them down send for a policeman and have them taken up.

Spring hats for the ladies have appeared in numbers. They are built on the model of the ancient Egyptian pyramid, but are far more beautiful.

You can run a wagon without greasing; so you may run a business without advertising; but in either case it is slow work.

The Ohio State festival of song will be held in Mansfield on the 23d instant—Several eminent musicians from the East will be present.

Mr. Hubbell has charge of the work of repairing the BANNER office, and he has a full corps of hands busily engaged in getting it ready for occupancy.

We have before us a copy of the *Alaska Times*, of April 2d, politely asking for exchange with the BANNER. It is quite a spirited little paper.

The new City Council, at their first meeting, elected Mr. George E. Raymond their President for the ensuing year, and Mr. Hogle President pro tem.

The Council have ordered the opening of Mechanic street, South of Front street, and have agreed to pay H. B. Curtis, Esq., the sum of \$500 for the ground.

The first Base Ball game of the season was played on Saturday between the Mohicans and Athletics, and was won by the former in a score of 4 to 15.

Mr. Delano is now making his annual Spring visit to Mt. Vernon. The climate of Washington does not appear to have had any injurious effect upon his constitution.

A grand excursion party is fitting up at Mansfield to make a trip by Railroad and steamboat to the great Mammoth Cave in Kentucky. Tickets for the round trip \$23.80, which will cover all expenses.

M. J. Becker, formerly of this city and a well-known engineer, has the entire control of the engineering department of the Pan Handle Route, West of Pittsburgh.

He resides at Steubenville. He is one of the best engineers in the country.

A youngster in this city named John Sutton, the other day took opium through mistake for Turkey Rhubarb, but by the timely aid of Drs. Humphrey, Burr and Russell, his life was saved.

L. C. Hopkins & Co., the mammoth Dry Goods Merchants of Cincinnati, occupy an entire page in the last *Chillicothe Advertiser*. We wouldn't be surprised if they should attempt a joke of that kind upon the BANNER some day.

A few days ago a Railroad Company was organized at Mansfield to build a road from Mansfield, Ohio, to Coldwater, Michigan, by the way of Carey, Findlay, Ottawa, Defiance, Bryan, to Coldwater.

The Old Fellows Grand Lodge at Columbus agreed to appropriate \$10,000 for the Orphans' Home, provided the subordinate lodges appropriate \$40,000, making a fund for the Home of \$50,000.

The contract for building the new Court House, at Mansfield, Richland county, Ohio, has been awarded to Messrs. Miller, Frayer & Sheets, of Mansfield, at \$177,000. There were eight bids, the highest of which was \$210,000.

The corn reports from all parts of the country are favorable. The frost has nipped the peach blossoms in a few localities, but on the whole there is every prospect so far, of an abundant harvest of cereals and fruits.

It may be interesting to some young men to know that under a law passed by the recent Legislature, when a person is arrested now, instead of having a nice time in jail, he can be put to work breaking stone upon the streets.

The contract for constructing three public cisterns—one on the Public Square, one on Gay street, between Pleasant and Burgess streets, and one on Mulberry street, between Hamtramck and Sugar streets, was awarded to Byron Ward, at \$2,500 each.

There will be Railroad meetings at Rich Hill on the 25th and at Mt. Liberty on the 26th of this month, at 1 o'clock. P. M. If four friends of Liberty and Hilliard like, the Railroad to go through their townships, they must put their shoulders to the wheel.

CLASS DAY AT KENYON COLLEGE.—Class-day exercises at Kenyon will be celebrated this year on Tuesday, 7th of June, about three weeks before Commencement. The appointments for the occasion are:

Historian—Henry Johns Peet, New York, N. Y.

Class Poet—Louis DeCormis, Baltimore, Md.

Class Prophet—William Peebles Elliott, Newark, O.

Class Toast Master—Charles Tullage Stout, Chicago, Ill.

Grand re-union of present and old members of the class in the evening at the Bergh House, Mt. Vernon, O.

A FOUR LEGGED CHICKEN.—A hen belonging to Mr. William George, on Gay street, in this city, a few days ago hatched out a brood of chickens, and among the number was one with four well-defined and perfect legs. It walks on the fore legs, but when standing still rests on the hind legs. If Barnum should happen to hear of this chicken he certainly will place it among the other curiosities of his museum.

Meeting of the City Council.

There was an interesting and exciting meeting of the City Council on Monday evening—the Chamber being well filled with citizens, especially those of the legal fraternity. The special cause of this little furor was the old question of altering grades, which has caused more bad blood in this city than all other things combined. In this case, our distinguished fellow-citizen, General COLUMBUS DELANO, Commissioner of Internal Revenue, appeared before the Council in propria persona, wearing the "brow of Mars," and looking "fierce as ten furies, terrible as hell." He appeared for the purpose of entering his solemn protest against the change of the grade on Chestnut, between Gay and McKenzie streets, which is now (or was) progressing with all possible dispatch by order of Council. This change of grade is on the North or rear entrance to Mr. Delano's High Street mansion, and he claims that it seriously injures his property, and destroys trees of twenty years growth.

Mr. D., by permission of Council, made a long speech, setting forth his grievances, and claiming that the change of grade on Chestnut street is illegal in many respects, and while it is not called for by the public good, works a serious inconvenience and injury to himself. John W. White, the Councilman from the 3d ward, made an earnest little speech in reply to Mr. Delano, and took issue with him in regard to many of his statements. Other gentlemen made statements in regard to the subject, when, finally, on motion of Mr. Osborn, the matter was referred to a special committee of five, who, under the advice of the City Solicitor, are instructed to investigate all the facts and report thereon at the next meeting of Council; and that, in the mean time, the work is to be suspended. The President appointed Messrs. Osborn, Wright, Fry, Cole and Roberts said committee; and after the transaction of some other business the Council adjourned.

A Dog's Adventure.—A faithful dog, owned by Mr. Braga, of this city, started out one evening last week to find his master. He scented his footstep on the bridge up Main street to Dr. Green's Drug Store, but the doors being closed the dog jumped through one of the large panes of glass in the door, breaking it in a thousand pieces. He kept straight on to the back part of the store, still scenting the track of the object of his search, but finding that he was not there, returned on the scent, and jumped through another pane of glass, shattering like the first and never stopped his course until he found his master in another part of the city. This adventure may have been fine sport for the dog, but it cost Mr. Braga about three dollars, which he paid without a murmur.

At the April election in Springfield, Mahoning county, there were thirteen candidates for Squire, two of whom were women.

William McDowell, of Carrollton, a street educated boy, has just been sent to the penitentiary for one year, for burglary and larceny.

A few days since a boy named Alexander, while driving home from Troy, O., fell asleep, and falling off his wagon, was instantly killed.
